TECHNICAL SKILLS

- Programming Languages: Java, Python, HTML, CSS, JavaScript, TypeScript, and C
- Tools & Frameworks: Git, GitHub, Bash, Bootstrap, React.js, Node.js, jQuery, Flask, Netlify, Heroku, and Android Studio.

EDUCATION

Montclair State University
Montclair, NJ
B.S. Computer Science Candidate (Graduation May 2023)

- **Current GPA:** 3.8
- **Relevant Coursework:** Data Structures and Algorithms, Computer Systems, Systems Programming, Discrete Mathematics, Introduction to Linear Algebra, Calculus I & II, Python Programming I, and Fundamentals of Programming I & II.
- **Extracurricular Activities:** Montclair State University Computer Club President, Upsilon Pi Epsilon Honor Society Chapter President, and The National Society of Leadership and Success.

WORK EXPERIENCE

FedEx Services, Collierville, TN
Software Developer Intern, June 2020 – Present

- Designing and developing a B2E frontend onboarding tool for new users on the Information Security Intranet site using Intro.js, jQuery, JavaScript, HTML, CSS.
- Installing a chatbot on the Information Security site, training and programming the bot to cater to the needs of questions asked by employees using Oracle Digital Assistant.
- Experiencing a high level of team-autonomy and leadership in a highly-dynamic, collaborative and fast paced environment.

PROJECTS

- **Twitter-Client App** – Developed an app that allows a user to view his twitter timeline. A user can sign-in to Twitter, can view tweets from their home timeline, as well as tweet directly from the app. All this is achieved by utilizing Twitter's API. View at: https://github.com/markymauro13/Twitter-Client
- **MSU Computer Club Website –** I actively develop Montclair State University's Computer Club website using HTML/CSS/JavaScript/Bootstrap. View at: https://msucomputerclub.github.io/

RELATED EXPERIENCE

HawkHack, MSU, Montclair, NJ
Web Developer and Marketing Director, Dec 2019 – Present

- HawkHack is the 24-hour annual hackathon at Montclair State University. My roles include being the lead developer for the hackathon's website, managing product design, reaching out to schools and professionals in the industry, creating flyers, and posting about the event on social media.

ACM President, MSU, Montclair, NJ
President, Dec 2019 – Present

- I'm currently the President of the ACM Computer Club at MSU. I take pride in leading and putting on the best possible activities for 130+ members. I have held several tech workshops some of which include: Making Twitter Bots with the Twitter API with Python, Making Pong with Python, and Developing a Personal Website with Bootstrap, and many more.
